Dear Tony Berthelet:

Letter of Decision:
Strategic Oil and Gas Ltd. Request for Extension to the
Deadline for Response to Information Request No. 2 (OA-2018-003)

On December 12, 2018, the Office of the Regulator of Oil and Gas Operations (OROGO) issued Information Request (IR) No. 2 to Strategic Oil and Gas Ltd. (SOG) in respect of its application for an Operations Authorization (OA) for the continued operation of the Cameron Hills Project. The deadline for response to IR No. 2 was Monday, January 7, 2019.

On January 2, 2019, OROGO received an email from SOG requesting an extension to the response deadline until Friday, January 18, 2019, due to the size of the information request and the limited working schedule for December.

SOG's existing OA for the Cameron Hills Project (OA-1237-001) expires on February 7, 2019.

Recognizing the need to allow SOG adequate time to respond to IR No. 2 while also recognizing that OROGO staff requires adequate time to review SOG's response and make recommendations to me prior to the expiry of SOG's existing OA, I have decided to extend the deadline for SOG's response to IR No. 2 to 4 p.m. on Friday, January 11, 2019.

Sincerely,

James Fulford
Chief Conservation Officer
