CALGARY AB T2P 4G8

February 26, 2019

Dear Tony Berthelet:

**Information Request No. 5:
Strategic Oil and Gas Ltd. Application
for an Operations Authorization for the Cameron Hills Project (OA-2018-003-SOG)**

On November 21, 2018, the Office of the Regulator of Oil and Gas Operations (OROGO) received a complete application from Strategic Oil and Gas Ltd. (SOG) for an Operations Authorization (OA) for the continued operation of the Cameron Hills Project.

On February 20, 2019, OROGO attended a workshop organized by the Mackenzie Valley Land and Water Board in Hay River to discuss SOG's site-wide monitoring and closure and reclamation plans for the Cameron Hills field. During that workshop, SOG indicated its firm intention to complete the abandonment of all infrastructure at the Cameron Hills field by the end of the winter 2025 work season.

SOG's current OA application (OA-2018-003-SOG) requests a 5-year OA, starting in 2019 and ending in 2024. Please indicate whether SOG would prefer to amend its application to request a 6-year OA, to end in 2025, coincident with its stated deadline for infrastructure abandonment at the Cameron Hills field.

Please send your written response by email to oro.gov.nt.ca on or before 4:00 p.m. on March 1, 2019. If you are unable to respond within this timeframe or have any questions, please contact me at (867)767-9097 or by email at Pauline_dejong@oro.gov.nt.ca.

Sincerely,

Pauline de Jong
Chief Conservation Officer

c. Alyssa Bruce, Manager, Land, Strategic Oil and Gas Ltd.
