Dear Mark Cliffe-Phillips:

Preliminary Screening:
Strategic Oil and Gas Ltd. Application for an Operations Authorization

The Office of the Regulator of Oil and Gas Operations (OROGO) has received an application for an Operations Authorization from Strategic Oil and Gas Ltd. Under section 124 of the *Mackenzie Valley Resource Management Act*, an Operations Authorization triggers the requirement for a preliminary screening.

The application proposes well and infrastructure maintenance and abandonment / decommissioning activities leading to the closure of the Cameron Hills field.

The Cameron Hills project was subject to several environmental assessments by the Mackenzie Valley Environmental Impact Review Board (EA00-004, EA01-005 and EA03-005).

Accordingly, I have determined that the proposed activities in the Cameron Hills field are exempt from preliminary screening in accordance with Schedule 1, section 2.1 of the *Exemption List Regulations* established under the *Mackenzie Valley Resource Management Act*.

Please contact me at (867)767-9097 or by email at [Pauline Dejong@gov.nt.ca](mailto:Pauline_Dejong@gov.nt.ca) if you have any questions.

Sincerely,

Pauline de Jong
Chief Conservation Officer
