COMMENTS:

Arrowhead D-50: NSM is not sure why the drill pipe has twisted off on three occasions. They suspect that either a vibration problem is causing it, or this drill string may have previously been exposed to H<sub>2</sub>S.

Cameron Hills I-10: DST #2 and #3 will be across the Sulphur point (1451-1469m KB) and the Slave point (1392-1410m KB).
