## TWO NEW EXPLORATORY WELLS IN THE WESTERN NORTHWEST TERRITORIES

**YELLOWKNIFE** — The Canada Oil and Gas Lands Administration (COGLA) issued authorities to drill a well to Chevron Canada Resources and Petro-Canada Inc. for two new exploratory wells in the western part of the Northwest Territories. The authorities were issued during the week of February 12, 1990.

Chevron East Hume River N-10 is located at 65°59'27.3"N. and 129°16'5.23"W. The well was spudded on February 16, 1990 and will be drilled to a total depth of 960 m KB.

**PCI Island Lake N-45** is located at 60°4'56.37"N. and 120°53'33.68"W. The well was spudded on February 21, 1990 and will be drilled to a total depth of 1 495 m KB.
