Dear Mr. Sutherland:

RE: **Authority to Drill a Well**
CDN Forest et al Flett N-61

The application for Authority to Drill a Well, pursuant to section 83(1) of the *Canada Oil and Gas Drilling Regulations* is granted for CDN Forest et al Flett N-61.

Enclosed herewith two approved copies of the authorization to drill the subject well, one copy is to be posted at the site of operations. You will notice that a Drilling Approval number and a Unique Identifier have been added to the form. During the course of the operation, daily drilling and geological reports are to be sent to the NEB office at (fax) 403-292-5876. Data concerning well evaluation including geological summaries, logs and DST results should be reported to the attention of the undersigned at (fax) 403-292-5876 and (phone) 403-299-2792. Please note that it is requested that in addition to the logs submitted, all log data be submitted on 3.5 inch floppy discs in LAS digital format.

The program is to be conducted as contained in your submission of December 23, 1998. Any changes or major deviation from the program will require the additional specific approval of the Chief Conservation Officer.

If you have any questions, please do not hesitate to contact Andy Graw at 299-2790.

Yours sincerely,

T. M. Baker
Chief Conservation Officer
