Attachment
Approval to Alter Condition of a Well for
Paramount et al Cameron C-50
Paramount et al Cameron M-49
Para et al Cameron L-29

1. The Approval to Alter Condition of a Well form is to be displayed at a prominent place on the drill site. Also, copies of the *Canada Oil and Gas Drilling and Production Regulations* as well as the *Oil and Gas Occupational Safety and Health Regulations* are to be kept at each well site and available on request by any person on the well site.
2. Well suspension or abandonment operations are required to meet the requirements of the *Canada Oil and Gas Drilling and Production Regulations*.
3. Upon program termination a Well Termination Record is to be submitted with wellbore and wellhead schematics; a monitoring program and future plan for each well.
4. Paramount Resources Ltd. shall, within 30 days of the completion of the proposed work, file with the Chief Conservation Officer, a confirmation by an officer of the company, that the authorized modifications were completed in compliance with all applicable conditions of authorization. If compliance with any condition cannot be confirmed, the officer of the company shall file with the Chief Conservation Officer details as to why compliance cannot be confirmed.
5. Daily reports are to be emailed to dailyreports@neb-one.gc.ca as per section 83 of the *Canada Oil and Gas Drilling and Production Regulations* by 8:30 am. Please contact Krista Wandler (phone number 403-299-2773) should there be any difficulty in delivery of the daily reports.
6. Unless otherwise directed by the Chief Conservation Officer, Paramount shall implement or cause to be implemented all of the policies, practices, mitigative measures, recommendations and procedures for the protection of the environment included in or referred to in the operator's application, subsequent submissions and committed to by Paramount in the Mackenzie Valley Environmental Impact Review Board Environmental Assessment process (EA03-005).
